Election/Restriction

Claims 1-34 have been canceled. New claims 35-59 have been entered.

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 35,40,41,43-46, 48, 51,56-59, drawn to peptides of *Helicobacter pylori*, classified in class 530, subclass 300.
 - II. Claims 36-39, 42,47, 49-50, 52,53-55, drawn to a polynucleotide of *Helicobacter*, classified in class 536, subclass 23.7

The inventions are distinct, each from the other because of the following reasons:

2. Inventions Group II and Group I are related as apparatus (Nucleic acid coding molecule) and product made (Peptide). The inventions in this relationship are distinct if either or both of the following can be shown: (1) that the apparatus as claimed is not an obvious apparatus for making the product and the apparatus can be used for making a different product or (2) that the product as claimed can be made by another and materially different apparatus (MPEP § 806.05(g)). In this case that the product as claimed can be made by another and materially different apparatus, wherein the peptide can be isolated from natural sources, or synthetically synthesized based upon the amino acid of the peptide.
3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

Art Unit: 1645

4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
